

SOSPENSIONI EXTRATOP

EXTRATOP SUSPENSIONS

La rivoluzione del comfort e della sicurezza per il tuo veicolo ricreazionale.

Dimentica le vibrazioni e l'instabilità! Le nostre sospensioni sono realizzate con materiali di alta qualità, e sono interamente progettate e assemblate in Italia seguendo i più rigidi standard qualitativi.

A revolution in comfort and safety for your recreational vehicle.

Forget vibrations and instability! Our suspensions are made with high-quality materials and are entirely designed and assembled in Italy according to the strictest quality standards.

Disponibile anche il kit che include il compressore **ExtraTOP** e i raccordi per la sua installazione.

Tutto ciò per garantire che i veicoli ricreazionali ottengano rapidamente e con facilità il massimo comfort di guida, la maggiore sicurezza e l'assetto ottimale promessi.

A kit is also available that includes the **ExtraTOP** compressor and **fittings** for its installation.

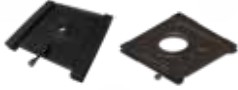

All this to ensure that recreational vehicles quickly and easily achieve the maximum driving comfort, increased safety and optimal set-up promised.

BASI GIREVOLI FASP SEAT SWIVELS FASP

Le basi girevoli FASP sono progettate e realizzate secondo i più rigidi standard costruttivi e vengono testate a banco per la resistenza statica e a strappo.

Sono idonee per essere installate sui sedili FASP e sui sedili OEM e sono tutte omologabili per le categorie di veicoli dalla M1 fino alla N3.

FASP swivel bases are designed and manufactured to the strictest construction standards and are bench tested for static and tear-out strength.

They are suitable for installation on FASP and OEM seats and are all homologated for vehicle categories M1 to N3.

CUNEI RAPTOR RAPTOR LEVELLERS

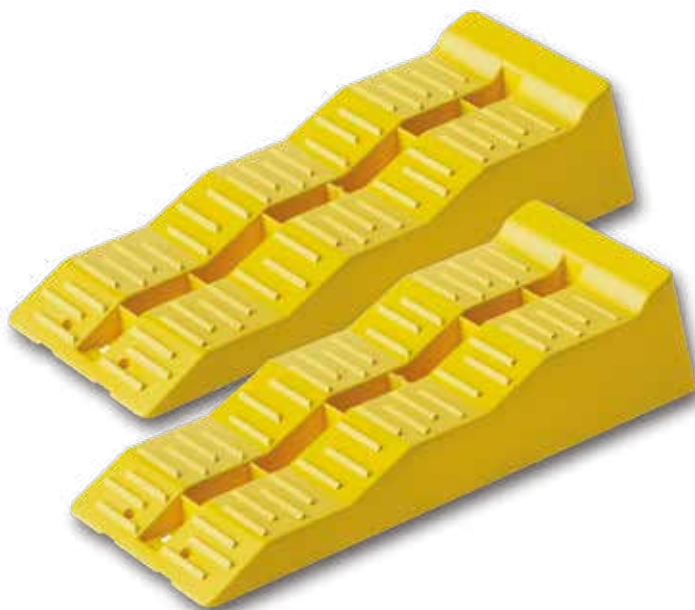

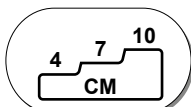

CUNEI SCALARI 3 LIVELLI

Cunei scalari a 3 livelli, in plastica gialla dal design robusto. La struttura a gradini facilita il livellamento, mentre la superficie zigrinata assicura un grip eccellente, riducendo il rischio di slittamento delle ruote.

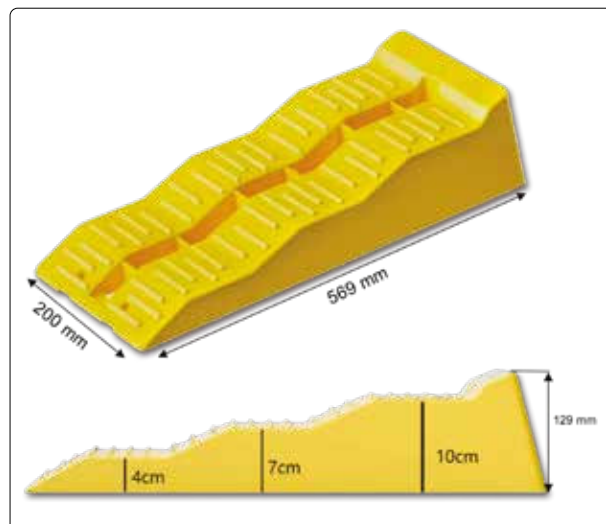

3-LEVEL WEDGE

Three-level stepped wheel chocks made of yellow plastic with a robust design. The graduated structure makes leveling easier, while the textured surface ensures excellent grip and reduces the risk of wheel slippage.

AVVIATORI DI EMERGENZA EMERGENCY STARTER

AVVIATORI ULTRASAFE

Avviatori di emergenza al litio ultra-compatti con tecnologia UltraSafe™, protegge da scintille e inversione di polarità, rendendo l'utilizzo semplice e sicuro.

ULTRASAFE STARTERS

Ultra-compact lithium emergency starters with UltraSafe™ technology, protecting against sparks and polarity reversal, making them simple and safe to use.

MOVER PER CARAVAN

QUATTRO PLATINUM

MVC102
€ 1.680,00

Mover ad avvicinamento automatico, progettato con componenti avanzati e materiali alleggeriti per massimizzare le prestazioni riducendo il peso. Offre potenza elevata per caravan fino a 2.250 kg (singolo assale) e 3.500 kg (doppio assale), gestione del movimento con Varispeed Technology e comando con display OLED.

The Quattro Platinum is an automatic engagement mover designed with advanced, lightweight components to maximize performance while reducing overall weight. It delivers high power for caravans up to 2,250 kg (single axle) and 3,500 kg (twin axle), and features Varispeed Technology for smoother, more precise manoeuvring. It includes an integrated OLED display remote.

DATI TECNICI - DATA SHEET

Assorbimento medio - Average absorption	30 Ah
Assorbimento massimo - Maximum absorption	75 Ah
Portata - Load Capacity	2.5 t

QUATTRO TITANIUM

MVC101
€ 1.210,00

Mover ad avvicinamento manuale, leggero e robusto, con motori da 23 kg e rullo in alluminio garantito a vita. Progettato per caravan fino a 2.250 kg (singolo assale) e 3.500 kg (doppio assale), integra il software adattivo QUATTRO per un controllo fluido tramite radiocomando.

The Quattro Titanium is a manual engagement mover built with cutting-edge, lightweight components to ensure excellent performance and reduced kit weight. Suitable for caravans up to 2,250 kg (single axle) and 3,500 kg (twin axle), it features the adaptive QUATTRO control software for smooth and accurate handling via remote control.

DATI TECNICI - DATA SHEET

Assorbimento medio - Average absorption	30 Ah
Assorbimento massimo - Maximum absorption	75 Ah
Portata - Load Capacity	2.2 t
