

Belaire Range of Mobile Air-Conditioners

H2000/H2400

Introduction:

Suits smaller caravans and motorhomes. Lightweight roof top unit and plenum combined to reduce the total weight. Excellent performance and good looks make it the best choice for light pop top caravans.

Features:

1. At 43mm in height, the plenum has an elegant design that complements modern interiors. Features easy to read LED display showing temperature and mode.
2. Attractive streamlined canopy design to perfectly integrates with modern caravan and motorhome design.
3. Advanced remote control with cooling, heating, dehumidifying, dry, sleep and timing functions.
4. Three speed, quiet, high efficiency indoor fan. The large outdoor axial fan draws air to exchange heat, leading to highly efficient, powerful performance.
5. Spiral retractable duct allows easy installation without cutting. Insulation eradicates condensation while optimizing power and performance.
6. Excellent reverse cycle performance allows the unit to operate in temperatures from -5°C to +50°C. Features intelligent defrosting technology.
7. Super strong and lightweight UV stabilized polypropylene chassis and canopy suit to most conditions. Excellent performance and good looks combine to make the unit the best choice for light caravans and motor homes.

Specification:

Model	H2000	H2400
Power Supply	1PH/230~240V/50Hz	
Cooling capacity	2000W	2400W
Power input cooling	700W	950W
Current cooling	3.0 A	4.2 A
Heating capacity	2000W	2400W
Power input heating	600W	850W
Current heating	2.6A	3.8A
Maximum input power	800W	1040W
Maximum current	3.5A	4.5A
Weight of outdoor unit	28kg	29kg
Weight of plenum	2.8kg	2.8kg
Installation opening (mm)	360 x 360. Optional adapter required for 400 x 400	
Outdoor unit dimension (mm)	1002L x 567W x 215H	
Plenum dimension (mm)	557L x 536W x 43H
